Introduction

Meet the Speakers

Dr.Sharmistha: At a large and diverse campus like IIT Gandhinagar, what initiatives have you implemented to make the IC approachable and PoSH awareness part of everyday campus life?

Ruchira: When you work with institutions setting up or restructuring their ICs, what best practices or proactive steps do you recommend to help them get it right from the start?

Dr.Sharmistha: College fests bring big crowds and informal settings. What preventive measures or protocols does your IC follow during such events to reduce risk?

Ruchira: With so much student life happening online, what best practices do you recommend for ICs to handle digital harassment?

Dr.Sharmistha: What approach or process do you follow to handle false or malicious cases carefully and fairly, without discouraging genuine complainants?

Ruchira: What steps do you recommend to be taken to train and sensitise office staff, security teams, and other support staff on campus?

Dr.Sharmistha: If a student/staff witnesses inappropriate behaviour as a bystander, can they bring it to the IC, and what processes or support do you have in place to encourage them to do so?

Ruchira: What orientation or capacity building do you recommend when new IC members join, so they're prepared to handle sensitive complaints from day one?

Ruchira: What are the Principles of Natural Justice?

Dr.Sharmistha: With students graduating and staff changes, how do you ensure that institutional memory, documentation, and learning from past cases aren't lost?

Ruchira: How often should institutions revisit and revise their PoSH policy, and what triggers should prompt an update?
